# Teas, Groceries, and Household Requisites.

THE Proprietors have pleasure in intimating that they have now made considerable additions to their premises, which will enable them to deal in the most satisfactory manner with the increasing dimensions of their business. The Distinct aim of their Business is to supply Families with GROCERIES, WINES, and SPIRITS at the lowest possible prices consistent with a high standard of quality. Knowing that a **cheap** article is not necessarily **good** value, but that, on the contrary, it may be very **poor** value at any price, they have to ask you not only to compare their prices with what is offered elsewhere, but, at the same time, to compare the quality of the Goods offered, feeling assured that the results will tell very much in their favour.

## TEAS—A Speciality.

Particular attention is devoted to this Department. The TEAS are the finest imported, and blended under the personal supervision of an Expert.
